Portfolio: portafolio-rafaeldev.web.app

Professional Summary

Frontend Developer specialized in React and modern JavaScript. Experience building web applications with state management, REST API integrations, user authentication, and reusable component architecture. I have built modern interfaces using React, Redux, Next.js and Tailwind CSS. Interested in contributing as a Junior React Developer in teams building modern and scalable web applications.

Technical Skills

Languages: JavaScript, TypeScript, HTML5, CSS3
Frontend: React.js, Next.js, Redux, React Router
State Management: Redux, Zustand
Styling: Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Databases: Firebase, MongoDB, PostgreSQL, MySQL
Tools: Git, GitHub, Postman, Visual Studio Code
Methodologies: Agile, Scrum

Projects

IntegrarCCTV Quote Builder – React, Redux, Firebase, REST API

- Developed a dynamic quote builder for video surveillance systems.
- Implemented global state management using Redux.
- Integrated REST APIs and backend services with Firebase.
- Built reusable components to improve UI scalability.

React Portfolio SPA – React, Tailwind CSS, Auth0

- Developed a Single Page Application to showcase personal projects.
- Implemented authentication using Auth0.
- Designed responsive UI using Tailwind CSS.

E-commerce Floristería Santa Ana – WordPress, WooCommerce

- Developed an online store with payment gateway integrations.
- Implemented SEO optimizations and UX improvements.

Work Experience

Frontend Developer – Freelancer (2021 – 2022)

- Built reusable React components for scalable interfaces.
- Developed an online quote builder using React and Redux.
- Integrated REST APIs and backend services with Firebase.
- Developed an admin panel for data management.

Web Developer – Freelancer (2019 – 2021)

- Built websites and e-commerce platforms using WordPress and Prestashop.
- Integrated payment gateways and shipping systems.
- Implemented technical SEO strategies.

IT Support Technician – SistemasSOS (2010 – 2018)

- Provided hardware and software technical support.
- Performed preventive and corrective maintenance of computer equipment.
- Coordinated small technical support teams.

Education

SoyHenry – Fullstack Developer (PERN Stack), 2024
SENA – Systems Technician, 2011–2013
Udemy – React From Zero to Expert (in progress)
SENA – English Levels I–V

Certifications

Front-End Development – Fundamentals

EPAM Campus | Issued: November 26, 2024 | ID: AAAAAUA6

Completed the Fundamentals program covering: Flexbox, CSS Grid, Responsive Design, Pre & Post Processors, CSS Methodologies, JavaScript Functions, DOM, BOM, OOP, Ajax, ES Next, jQuery, JS Patterns, Modules, Unit Testing and Frontend Optimization.

Introduction to Development with AI

BIG school | Issued: March 13, 2026 | Duration: 6 hours

Participated in the training sessions "Development with AI: from 0 to Production" organized by BIG school and midudev.
